Mr. O. H. Pittmann.

Superintendent, U. S. Coast & G. Survey,
Washington, D. C.

Sir:

In obedience to Instructions and Memoranda for Descriptive Reports, 1887, I beg leave to submit the following report on Topographic Sheet, No. 2584:

The work consists of the shore line in the vicinity of West Pass, Apalachicola Bay, Florida, which was re-run in connection with a hydrographic survey of that region. A descriptive report is not considered necessary as the primary object of the survey was for hydrography and the locality is fully described in the descriptive report on the hydrographic sheet.

Very respectfully,

P. A. Walker,

Asst. C. & G. Survey,

Candidly,
