*Descriptive Report and Review*

~~Summary to accompany~~ T-8471, T-8472, and T-8473

The preliminary shoreline maps shown on the attached index were radial plotted and the detail delineated in 1943 and 1944 without field inspection of any kind, to furnish detail for small scale nautical charts and shoreline for hydrographic surveys.

Preliminary shoreline map T-8471 covers Nosnesenski Island, Pavlof Islands, Alaska, from Latitude  $55^{\circ}-07'$  to  $55^{\circ}-16'$  and Longitude  $161^{\circ}-15'$  to  $161^{\circ}-29'$ ; T-8472 covers Ukolnoi Island, Pavlof Islands, Alaska, from Latitude  $55^{\circ}-11'$  to  $55^{\circ}-16'$  and Longitude  $161^{\circ}-30'$  to  $161^{\circ}-43'$ ; and T-8473 covers Poperechnoi Island, Pavlof Islands, Alaska, from Latitude  $55^{\circ}-03'$  to  $55^{\circ}-09'$  and Longitude  $161^{\circ}-30'$  to  $161^{\circ}-45'$ .

A continuous radial plot was laid for sheets T-8471, T-8472, and T-8473. It is not recommended that these sheets be used for large scale mapping without the usual field inspection.

Data pertaining to T-8471, T-8472, and T-8473 is filed as follows:

A. Division of Photogrammetry General Files:

1. Acetate Manuscripts

B. Bureau Archives:

1. A cloth backed lithographic print of the reviewed maps at compilation scale
2. Registered original descriptive report

M-2168-1

A basic hydrographic or topographic survey supersedes all information of like nature on the uncorrected chart. Give reasons for deviations, if any, from recommendations made under "Comparison with Charts" in the Review.
