with the Descriptive Report for T-11894.

14.

REVIEW REPORT T-11925
SHORELINE

61. GENERAL STATEMENT

See Summary accompanying Descriptive Report.

62. COMPARISON WITH REGISTERED TOPOGRAPHIC SURVEYS

Comparison was made with copies of Registered plane-table surveys No. 2679, 1:10,000 scale made in 1904-1905, approved May 10, 1905 and with No. 3277, 1:20,000 scale made in 1912, approved March 30, 1914.

This manuscript supersedes these prior surveys and should be used for all future nautical chart construction.

63. COMPARISON WITH MAPS OF OTHER AGENCIES

Comparison was made with U.S.G.S. quadrangles Puu O Kali and Makena, Hawaii, each at 1:24,000 scale and editions of 1954.

The small islands located just offshore of the MHWL on the Puu O Kali quadrangle between Liliioholo and Keawakapu are not visible on any of the photographs which cover the area.

64. COMPARISON WITH CONTEMPORARY HYDROGRAPHIC SURVEYS

Comparison was made with a copy of boat sheet H-8681-PF-10-2-62. The shoreline for the boat sheet was obtained from a cronaflex reduction of the Advance Map Manuscript.

65. COMPARISON WITH NAUTICAL CHARTS

Comparison was made with nautical chart 4130, 1:80,000 scale, 4th edition, August 31, 1964. The two following items shown on the chart do not appear on photography of the area.

	Latitude	Longitude
Pier	20° 42' 27"	156° 26' 28"
fish haven (obstr.)	20° 42' 00"	156° 27' 24"

66. ADEQUACY OF RESULTS AND FUTURE SURVEYS

This survey complies with instructions and meets the
